

Tuggyszn (Interlude)

Not3s

Take it aga-a-ain
They cannot take it
'Cause they are not my friend
So they can't take this aga-a-ain
Straight to the top, fuck them, look

Club full of liquor
That's how you celebrate life when you bloom with your niggas
Don't take L's we a room full of winners
From the same block I really grew up with my niggas
We drool and we drip
Get the Canon and take a pic
Bro got the Canon if they're taking the piss
Don't do her right then I'm taking your chick

TMG since GCA
Talk on my name say my name with respect
2 cut throat but I'm aiming for heads
Take notes to the dome then take it again

TMG since GCA
Talk on my name say my name with respect
2 cut throat but I'm aiming for heads
Take notes to the dome then take it again, take it aga-a-ain

If you're cool then stunt
'Cause my girl forever be stunting
I'm not like the general public
Straight bluffs if you thought me and my team is
Hella gyal here showing off the cleavage
Been living in the dream all these man are dreaming
I used to do the same but the difference is
I switched up the day I had the dream
I wasn't breathing
Best believe it
How extreme shit can get on your mind
When you've had a nightmare
Of having no time left
Don't fucking shit up, don't go fucking shit up
Go learn all the right steps
Money now piling up through the roof 'cause I've got the right flex (right flex)

That's how you celebrate life when you bloom with your niggas
Don't take L's we a room full of winners
From the same block I really grew up with my niggas
We drool and we drip
Get the Canon and take a pic
Bro got the Canon if they're taking the piss
Don't do her right then I'm taking your chick

Man I'm TMG since GCA
Talk on my name say my name with respect
2 cut throat but I'm aiming for heads
Take notes to the dome then take it again

TMG since GCA

Talk on my name say my name with respect
2 cut throat but I'm aiming for heads
Take notes to the dome then take it again, tell her take it aga-a-ain
