

Wanting

Not3s

You that I like
It's only you that I'm wanting
It's only you that'll ride
It's only you that I'm wanting
I'll hold you down believe me
I'll hold you down if you want it
It's only you that I like
It's only you, ooo-ah

You're the girl that I like
You're that one who can hold Luke junior
Leave this place that we call our home
Catch a flight and end up in a island like Bermuda
But the sea there will never flow like you when you do your thing
Go do your thing
Baddest chick and I know that
You're a good girl, you don't ever have to prove a thing

I understand why you might think I'm like, most guys, you met
And I understand why you didn't give it to me, first night, we met
I understand, them guys done you wrong and they never gave you nothing to believe in
Even when they did, it's your trust they mistreated
Trust me when I say that I'm here for a reason

It's only you that I like, it's only you that I'm wanting
It's only you that'll ride, it's only you that I'm wanting
I'll hold you down believe me, I'll hold you down if you want it
It's only you that I like, it's only you, yeah
It's only you that I like, it's only you that I'm wanting
It's only you that'll ride, it's only you that I'm wanting
I'll hold you down believe me, I'll hold you down if you want it
It's only you that I like, it's only you, yeah

You get to see the finest things this world provides us, I win (I win)
It gets exciting, exciting
Diamond in the rough, don't you ever stop shining
Girls hit you up to call your bluff, they won't ever stop trying

I understand why you might think I'm like, most guys, you met
And I understand why you didn't give it to me, first night, we met
I understand, them guys done you wrong and they never gave you nothing to believe in
Even when they did, it's your trust they mistreated
Trust me when I say that I'm here for a reason

It's only you that I like, it's only you that I'm wanting
