

# Never A Good Time

NOTD

Old enough to know, if you love her, let her go  
In another high and low and you gotta do whatever feels right  
Young enough to break, just a little give I take  
I don't wanna walk away but I gotta do whatever feels right

Continental in the hotel lobby  
You know I never meant to do you like that  
I'll miss your laugh and girl I'll miss your body  
But once it's broken then it won't go back

I don't wanna wait, I don't wanna wait  
Never a good time to say goodbye, yeah  
I don't wanna wait, I don't wanna wait  
Maybe your star sign will tell you why  
She said, "No, no, a million times no  
You know I'd rather die than see you letting me go, but  
I don't wanna wait, I don't wanna wait  
Never a good time to say goodbye, yeah"

Hard enough to say if you love her, you can't stay  
But I got places to be, I'm due for chasing down the skyline  
Easier to wait, play it out and let it fade  
But I wasn't built for that, yeah staying isn't in my bloodline

Sentimental in the hotel lobby  
You know I never meant to leave you like that  
I'll miss your laugh and girl I'll miss your body  
But here's the moment where we fade to black

(Never a good time to say goodbye, yeah  
Never a good time to say goodbye, yeah)

I don't wanna wait, I don't wanna wait  
Never a good time to say goodbye, yeah  
I don't wanna wait, I don't wanna wait  
Maybe your star sign will tell you why  
She said, "No, no, a million times no  
You know I'd rather die than see you letting me go, but  
I don't wanna wait, I don't wanna wait  
Never a good time to say goodbye, yeah"

(Never a good time to say goodbye, yeah  
Never a good time to say goodbye)
