

# Nobody

NOTD

Nothing's like the first time, and when it ends  
You try to find it all over again  
Like something's missing when you are gone  
It's just a feeling I can't overcome

You will be the end of me, you're the end of me  
I know, I know, I know  
You treat my heart so recklessly  
Yeah, it's hard to let you go, go, go, go

Nobody's gonna love me like you  
Nobody, nobody's gonna love me like you do  
Nobody's gonna love me like you  
Nobody, nobody's gonna love me like you do

Nobody, no-nobody  
Nobody, no-nobody like you do  
Nobody, no-nobody  
Nobody, no-no

You got me haunted, 'cause when I sleep  
I hear your voice echoing through my dreams  
You keep me falling, so helplessly  
Yeah, you just love bringing me to my knees

You will be the end of me, you're the end of me  
I know, I know, I know  
You treat my heart so recklessly  
Yeah, it's hard to let you go, go, go, go

Nobody's gonna love me like you  
Nobody, nobody's gonna love me like you do  
Nobody's gonna love me like you  
Nobody, nobody's gonna love me like you do

Nobody, no-nobody  
Nobody, no-nobody like you do (Okay)  
Nobody, no-nobody  
Nobody, nobody's gonna love me like you do

Nobody, no-nobody  
Nobody, no-nobody like you do (Okay)  
Nobody, no-nobody  
Nobody, nobody's gonna love me like you do
