

Therapy

NOTD

It's hard, feeling like a vertigo
My heart, never seems to let you go
But my friends say it gets better with time
Mmm-mmm-mmm, yeah
These scars, hard to put them in a letter
But I hope, it will feel a little better
Tryna think of somethin' clever that rhymes

Skippin' rocks upon the water
Only makes it harder too
Smoking trees up out the station
Just to ease my brain off you-hoo-hoo

Hate me, kill me on the inside
Lately, I've been ten feet underground
Kinda hard to breathe, thought I'd let you know
Make me, pour out of my eyeballs
Crazy, acid makes it hard to see
Maybe I'm in need of therapy

I've heard, that you found another guy
How does it feel, havin' someone by your side?
No, the mirror might get lonely sometimes

Skippin' rocks upon the water
Only makes it harder too
Smoking trees up out the station
Just to ease my brain off you-hoo-hoo

Hate me, kill me on the inside
Lately, I've been ten feet underground
Kinda hard to breathe, thought I'd let you know
Make me, pour out of my eyeballs
Crazy, acid makes it hard to see
Maybe I'm in need of therapy
(I'm in need of therapy)

Kinda hard to breathe, thought I'd let you know

Maybe I'm in need of therapy
