

From Lambs to Lions

Nothgard

We are ready to drop the veil
Unleashed resolve to make the fire burning higher
From Lambs to Lions - New power within
Direction clear - We are dead on target

This is the time to fall or to rise
This is the time to kneel or fly high

Casualties we couldn't avoid
Men by men we fell
Only the strong
Deserve to survive!

Becoming Legion
Back to back Standing as one
From Lambs to Lions
Becoming legion
From soil Into new heights
From lambs to lions

Forget the past
Come what may
Zero in on your path
walk your own way...

We are ready to drop the veil
Unleashed resolve to make the fire burning higher
Stronger than ever - with lust to kill
Left the weak behind - Finally free

Becoming Legion
Back to back Standing as one
From Lambs to Lions
Becoming legion
From soil Into new heights
From lambs to lions

Becoming legion
Only the strong
Will survive!

This is the time
To Fall or to Rise
This is the time
To Kneel Down or fly high

Becoming Legion
Back to back Standing as one
From Lambs to Lions
Becoming legion
From soil Into new heights
From lambs to lions
