

## Guardians of Sanity

Nothgard

I am the sentinel of my own sanity  
I am the fuse to blow up your cage  
Call me the void  
Together we break free  
I am the torch to ignite your inner rage

Feel the strength inside  
Shelter your discrete mind  
Feel the power within and rise far beyond  
Feel the wrath inside  
Shelter your discrete mind  
Out of my head  
I am my own god!

I am the demon to shade their devised Reich  
I am the hammer to destroy your chains  
Call me the void towards the other side  
I am the torch to ignite your inner rage

There is war in my head  
There is rage in my heart  
Shut them out - Free your mind  
It's your turn - I win this game

Feel the strength  
Shelter your mind  
Feel the power  
You are your own god!

Free your mind!
