

Free If We Want It

Nothing But Thieves

I walk beside
I walk beside myself
To see what's left
Of you and me
And what it means
Sometimes we're lost
Get caught up in senseless things
For nothing at all
So don't let it in

We can be free if we want it
Or we can stay in this lane all alone
Just say the word and I'm on it
The past is receding so we can move on

I didn't decide
I love you despite myself
You pulled me out of who I'd been
Know what I mean?
I'm not a saint
I've got no faith to lose
Only to gain
At least I can dream

We can be free if we want it
Or we can stay in this lane all alone
Just say the word and I'm on it
The past is receding so we can move on

We can be free if we want it
Yeah, we can be free if we want it
Yeah, we can be free if we want it
(Don't look back, keep going
Don't look back)
Yeah, we can be free if we want it
(Don't look back, keep going
Don't look back)

I walk beside
I walk beside myself
To see what's left
Of you and me
And what it means
If it goes wrong (Don't look back)
I'll reassure myself
I knew all along (Don't look back)
At least it was real
It was real

We can be free if we want it
(Don't look back, keep going
Don't look back)
Yeah, we can be free if we want it
(Don't look back, keep going
Don't look back)
We can be free if we want it
(Don't look back, keep going

Don't look back)
Yeah, we can be free if we want it
(Don't look back, keep going
Don't look back, keep going)
