

## Graveyard Whistling

## Nothing But Thieves

All that afterlife  
I don't hold with it  
All your gods are false  
Just get used to it  
Let's go out tonight  
Kill some stubborn myths  
Set those ghosts alight, get into it.

No ones getting younger  
Would you like a souvenir?  
Let it take you under  
Feel your worries disappear

'Cause if you don't believe  
It can't hurt you  
And when you let it leave  
It can't hurt you  
'Cause if you don't believe  
Then you know and you know it can never do you harm  
If you don't believe, it can't hurt you.

Ok, I admit  
I'm not innocent  
I did everything and I would again  
I'm not listening  
I've heard everything  
Graveyard whistling  
I'm into it

No ones getting younger  
Would you like a souvenir?  
Let it take you under,  
Feel your worries disappear

'Cause if you don't believe,  
It can't hurt you  
And when you let it leave  
It can't hurt you  
'Cause if you don't believe  
You know it can never do you harm  
If you don't believe, it can't hurt you

Got a picture and a password and a number,  
Give me access to the cloud I'm living under,  
When I go there will I find my sense of wonder?  
Open up the gates

'Cause if you don't believe,  
It can't hurt you  
And when you let it leave,  
It can't hurt you  
Cause if you don't believe  
Then you know, then you know it can never do you harm  
If you don't believe,  
It can't hurt you
