

## Honey Whiskey

### Nothing But Thieves

This party's pretty boring  
I don't think it's for me  
Lucy's already crashed out  
she's on the spare settee

This air is getting so thin  
Go down, go down, go down  
The honey whiskey's kickin'  
Go down, go down, go down

I think I better go before I try something I might regret  
I might regret  
I think I better go before I try something I might regret  
I might regret

The black heart angels calling  
With kisses on my mouth  
There's poison in the water  
The words are falling out

This air is getting so thin  
Go down, go down, go down  
The honey whiskey's kickin'  
Go down, go down, go down

I think I better go before I try something I might regret  
I might regret  
I think I better go before I try something I might regret  
I might regret

I think I better go before I try something I might regret  
I might regret  
I think I better go before I try something I might regret  
I might regret  
But if you wanna free your body tonight  
It's our secret  
It's our secret  
I think I better go before I try something I might regret  
I might regret
