

## If I Were You

## Nothing But Thieves

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
It's coming soon  
I'd pull it together  
Yeah, get it together  
It's a matter of time

If I were you

Oh, tell me how it feels  
Conspiracy cadet  
Wound up like a cassette  
The tape about to shed  
If chaos is a ladder  
Hell is heaven sent  
Keep pulling at the thread  
While cashing in the cheque

No telling what I'd do  
With my hands stuck on you  
No telling what I'd do  
With my hands

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
It's coming soon  
I'd pull it together  
Yeah, get it together  
It's a matter of time

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
You'll get what's due  
I'd square the vendetta  
Yeah, get it together  
It's a matter of time

Think you're pretty wiley  
Blowing up the sun?  
Confuse a loaded question  
With a smoking gun  
You move like Dunning-Kruger  
Truth is overdone  
A father like his son  
Look after number one

No telling what I'd do  
With my hands stuck on you  
No telling what I'd do  
With my hands

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
It's coming soon  
I'd pull it together  
Yeah, get it together  
It's a matter of time

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
You'll get what's due  
I'd square the vendetta  
Yeah, get it together  
It's a matter of time

Some don't care about the ones they hurt  
Some just wanna see the planet burn  
They'll come for you, they'll come for you, they'll come for you  
They'll come for you

If I were you

If I were you  
I'd treat them better  
If I were you  
I'd settle the weather  
You'll get what's due  
I'd square the vendetta  
Yeah, get it together  
It's a matter of time
