

Stuck On You

Nothing But Thieves

This ain't living it's just passing time
The clock is always ticking in my mind
And it's so frustrating
So much waiting for you

A glimpse of heaven in a living hell
Until I'm with you I am just a shell
And I'm so fixated
I love to hate it, do you?

Forever stuck on you
I'm fuckin' stuck on you
Forever stuck on you
I'm fuckin' stuck on you
Yeah, I can't shake you

I used to hate you, but I changed my mind
You overwhelm me and I don't know why
But now you got me
I need this folie à deux

Forever stuck on you
I'm fuckin' stuck on you
Forever stuck on you
I'm fuckin' stuck on you
Yeah, I can't shake you
Yeah, I can't shake you

Forever stuck on you
I'm fuckin' stuck on you
Forever stuck on you
I'm fuckin' stuck on you
Forever stuck on you
I'm fuckin' stuck on you
I can't shake you
I can't shake you

(I'm not [?])
