### Nothing More

They are not afraid to be human  
They are not afraid to let themselves participate in the pains,  
difficulties, and struggles that naturally go with human existence

Seeing that all life is a magnificent illusion, a playing of energy, and there is absolutely nothing fundamentally to be afraid of

You'll be afraid on the surface

You'll be afraid of putting your hand in the fire

You'll be afraid of getting sick

But you will not be afraid of fear

Fear will pass over your mind like a black cloud will be reflected in the mirror

Like the stars don't need trails behind them to drift like a cloud and flow like water
