

Déjà Vu

Nothing More

Naked
Conflicted
I push away
But we're addicted

Held captive
Like an animal
I'm an animal
Just like you

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
(Running right back)
When all our fears come to life

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
Like a knife in the back
Yeah you brought me right back
Like déjà vu

I'm a monster
And a man
You see me
For what I am

You're wicked
And I'm twisted
I'm twisted up in you

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
(Running right back)
When all our fears come to life

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
Like a knife in the back
Yeah you brought me right back
Like déjà vu

Feels like it never dies... never dies...

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
(Running right back)
When all our fears come to life

(Running right back)
Who hurt you?
(Running right back)
Cuz I love you
Like a knife in the back
Yeah you pull me right back
Like déjà vu
Like déjà vu
Yeah you
You pull me right back
Like déjà vu
