Don't Look Back

Nothing More

Want something to work at the push of a button, a button
Want someone to love while giving nothing, nothing

There's power in guilt
Something I'll never touch
There's connection in hate
Something I'll never trust
There's love in abuse
But that's no excuse, I'm done
There's nothing

I want nothing to do with you
I've wasted time trying to break through
Your mind isn't mine to lose, that's on you

Don't look back

...the push of a button...

You only try when someone's watching (watching)
You only listen when no one's talking (talking)
You could have it all and still want something
But nothing's enough when your soul is missing

There's power in guilt
Something I'll never touch
There's connection in hate
Something I'll never trust
There's love in abuse
But that's no excuse, I'm done
There's nothing

I want nothing to do with you
I've wasted time trying to break through
Your mind isn't mine to lose, that's on you

Don't look back

I'm done trying, done fighting
I'm done running, done hiding
No more praying, no more waiting
I'm done lying, lying, lying to myself

Don't Look Back

Want something to work at the push of a button
But nothing's enough, nothing's enough

I'm done
I'm done

I want nothing to do with you
I've wasted time trying to break through
Your mind isn't mine to lose, that's on you

Don't look back
Don't look back

Don't look back

I'm done trying, done fighting
I'm done running, done hiding
No more praying, no more waiting
I'm done lying to myself
