

## Waiting On Rain

### Nothing More

Broke and broken child  
Veiled to the eyes of humanity  
She is left wanting  
She is left with nothing  
She is nothing

Tonight she cries  
Evanescence to indifferent eyes  
Tonight she screams to the sky

Waiting on rain to come  
Wash away  
I don't ask for a break of day

Boy that hides his tears  
Silent scars and poison tongues that stain his skin  
Shaded world sees black and white  
Chained to ancient walls  
Sad world can't be colorblind

Tonight he cries  
Evanescence to indifferent eyes  
Tonight he screams to the sky

I send a vicious scream on dying wings to you  
Sent to heaven straight from hell

I don't ask for a break of day  
Just pour the rain
