

# Godkill

## Nothingface

Not the first time, not the last time  
Tried to own me  
But I fight this  
Tried to help me  
Tried to bring me down  
You expect to, to be there

Do I care?  
Do I care?

You lived through me  
You controlled my life  
Tried to help me  
You didn't help me  
Tried to break me  
Tried to ruin my life  
You expect me to, to be there?

Do I care?  
Do I care?

God kill me  
God kill me  
God kill me  
God kill me  
(Die, just like me)

Yeah!

God killed me  
Fucked me in the head  
You've scarred me  
Do you hear me scream this?  
You hate me  
It's clear in my mind  
God fucked me, one last time

Do I care?  
Do I care?

I don't care  
I don't care  
I don't care  
I don't care  
I don't
