

Bodega

Nova Rockafeller

I don't need money I need groceries
Got a hundred grand hundred grand for writing poetries
So old school I'm rotary
Head to Trader Joe's watch me go all out locally
Seven dollar Gin filled with Skittles to the rim

I want the cheese in the coffee cup chilli dog Doritos
Reese's Pieces fuck it get me anything but Fritos
My team we all the way from NYC and Jamaica
Paint the parking lots and drink outside of the bodegas
If we [?] you know we'll wake up in Las Vegas
Shit ain't new it's beta

I'm bout to eat my feelings hold me back
Meet me at the at the bodega
I been around and been around and back
But I always go back to the bodega
Eat my feelings hold me back
Meet me at the at the bodega
I been around and been around and back
But I always go back to the bodega
Bodega bodega bodega bodega

And you know we got the right away
I got the kitchen cup of noodles in the microwave
I'll make it rain Lays Slurpee on your Escalade
[?] I like to win and everyday is game day hate me
And if you hate him don't look mad
There's a Cheeto in the bag for every problem that you have
Break up diet won't get you looking bad
Ain't nobody ever sorry they sad
So you should eat your feelings don't look back
I could meet you at the bodega
I been around and been around and back
Fuck a hometown ain't nobody proud they mad

I'm bout to eat my feelings hold me back
Meet me at the at the bodega
I been around and been around and back
But I always go back to the bodega
Eat my feelings hold me back

But I always go back to the bodega
