

Bassline Bitch

Nova Twins

Glad rags, no cash
Tucked under collar tags
Dig it up, dig it up, dirty gold
Pick it up, pick it up, they won't know
Bad hash, talk trash
White noise, disturbance flash
Turn it up, turn it up, heads will roll
Pick it up, pick it up, watch them fall

You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face

Full stash in hand
Perennial highs on tap
Dig it up, dig it up, dirty gold
Pick it up, pick it up, they won't know
Fast track, the clash
London is calling back
Turn it up, turn it up, heads will roll
Pick it up, pick it up, watch them fall

You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face

Yeah, yeah, yeah
Yeah, yeah, yeah

You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face

Slap it, lick it, switch it, pluck it
Twerk it, turn it, treble down
Rock it, whip it, snatch it, tick it
Turn it, burn it, kick it down
Slap it, lick it, switch it, pluck it
Twerk it, turn it, treble down
Slap it, lick it, switch it, pluck it
Twerk it, turn it, rock it, whip it
Snatch it, tick it, turn it, burn it

Crack it, tap it, treble down

You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face

You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
You know what time it is
Murder that bassline, bitch
We'll blow your mind with it
We'll slap that look right off your face
