Nova Twins

Gold teeth, nose bleeds  
It's that midnight frenzy  
Perfume and stale whiskey  
Dripped out in Versace  
Wanna work up on me  
Be my playboy bunny  
Get down, get down on me  
Plaster for your grazed knees

You're cute  
Think you're kinda funny  
Cuter when you don't speak  
Better with your tongue in  
Left, right, swipe, write me a poem  
Left, right, swipe, I don't even know him  
What's your star sign?  
Pisces, Taurus  
If the moods right I'll let you play the chorus  
If it hits right you can stay till the morning 'cause everybody in here want  
s my

Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip

Got me all over your sweater  
Drink a cup of pure perfection  
I'll lead, follow direction  
Slow down, speed up, pay attention  
Do, do the things you do  
Watching me like watching you  
Thirsty, want to drink some juice  
Call me for that rendezvous

You're cute  
Think you're kinda funny  
Cuter when you don't speak  
Better with your tongue in  
Left, right, swipe, write me a sonnet  
Left, right, swipe, get to know my body  
What's your star sign?  
Leo, Aries  
Even love those crazy Aquarius  
What matters is you work all areas  
Everybody in here wants my

Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip

Head rush, sugar crush, taste so good, oh my God  
Blood rush, wanderlust, can't get enough of my love  
Call you like a thief in the night  
My powers got you hypnotized  
Head rush, sugar crush, taste so good, oh my God  
Taste so good, oh my God  
Drinking nectar from a God

Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip  
Drip, drip, drip, drip, drip, drip  
Drip, drip  
Drip, drip, drip, drip, drip, drip
