

# Fire & Ice

Nova Twins

I wanna strut, I wanna scream, I wanna fuck  
I wanna fight, I wanna bite, I wanna rock  
I want to cry, scratch out my eyes, I can be tough  
I'm volatile, don't want to smile or cheer the fuck up

I can be the girl you like  
The girl you like, I'll change your mind  
I can be the fire and ice  
Giver of life until you die

We're just sad girls, want to see you cry  
Got a mouth like a bullet and a tongue like a kn-kn-knife  
Bad girls, apple of your eye  
I'm the villain that you like  
I'm just the savage type

I like to creep into your dreams  
Turn them to nightmares, I'm settin' the scene  
I am the sinner, I ain't the saint  
I am that bitch that you love and you hate  
Walkin' on fire, I'm the tightrope  
That will take you to safety  
Or wrap 'round your neck till you choke

I can be the girl you like  
The girl you like, I'll change your mind  
I can be the fire and ice  
Giver of life until you die

We're just sad girls, want to see you cry  
Got a mouth like a bullet and a tongue like a kn-kn-knife  
Bad girls, apple of your eye  
I'm the villain that you like  
I'm just the savage type

Oh-woah, oh-woah  
Oh-woah, oh-woah

I don't want to play nice  
I'm fire and ice, fire and ice  
I'm the villain you like  
I'm the one you can't stop thinkin' of in the night  
I don't want to play nice  
I'm fire and ice, fire and ice  
I'm the villain you like  
I'm the one that you think of when you're next to your wife

I can be the girl you like  
The girl you like, I'll change your mind  
I can be the fire and ice  
Giver of life until you die

We're just sad girls, want to see you cry  
Got a mouth like a bullet and a tongue like a kn-kn-knife  
Bad girls, apple of your eye  
I'm the villain that you like  
I'm just the savage type
