

# Hurricane

Nova Twins

I don't know what you've been told  
Leave that bullshit at the door

Show me what you're made of  
I'm made of something stronger  
I'm a gladiator  
Ali when he's younger  
Hotter than Jamaica  
Fight like Queen Amina  
Can you take the pressure  
I'm gonna make you sweat, ah

I'm the spark you light it with  
Push, push, push my buttons in  
I'm that feeling when you win  
One shot adrenaline

Keep the pressure on, yeah  
'Cause we ain't going nowhere  
We're running things, running rings 'round you like a hurricane  
Keep the pressure on, yeah

Give me, give me that  
Pretty little kitty cat  
Got it on tap, that shit never running out  
I'm wildfire, umpire  
Rule the world as I desire

Show me what you're made of  
I'm made of something stronger  
I'm a gladiator  
Ali when he's younger  
Hotter than Jamaica  
Fight like Queen Amina  
Can you take the pressure?  
Can you take the pressure?

Keep the pressure on, yeah  
'Cause we ain't going nowhere  
We're running things, running rings 'round you like a hurricane  
Keep the pressure on, yeah

Nothing is impossible  
Keep it moving, take control  
I don't know what you've been told  
Leave that bullshit at the door

Nothing is impossible  
Keep on moving, take control  
I don't know what you've been told  
Leave that bullshit at the door

Keep the pressure on, yeah  
'Cause we ain't going nowhere  
We're running things, running rings 'round you like a hurricane  
Keep the pressure on, yeah
