Nova Twins

Emergency?

Yeah, I think I just killed my boyfriend

999 emergency

I spilt his blood all over me

Oh wait, he's about to die

I think I'll sit here, watch his blood dry

Ring, ring, his stats are high

I'm a sucker for a fucker, love a pretty guy

Ain't much going on between his eyes

A little brain-dead so he can't comply

If you go breaking the rules

You won't like what I do

Boys like you will always lose

Always lose

Get my fucking crowbar

Take you to the graveyard

Bitch, you think you're so hard

I say when it's over

Love you psycho, I'm loaded like a rifle

Casanova, look over your shoulder

Get my fucking crowbar

Take you to the graveyard

You're a fucking crazy bitch

I can play nice, but I'm mostly sick

On my best days, I'm a bit psychotic

I'm a bad bitch, yeah, now you know it

I don't think you have a clue

What I've got in store for you

Some boys beg, it's no use

I'm the boss, kiss my boots

I ride my high horse, what a view

Boys like you will always lose

Always lose

Get my fucking crowbar

Take you to the graveyard

Bitch, you think you're so hard

I say when it's over

Love you psycho, I'm loaded like a rifle

Casanova, look over your shoulder

Get my fucking crowbar

Take you to the graveyard

You're playing a dangerous game

I'll blow a kiss over to your grave

Try not to take this personally

You bring out the worst in me

Get my fucking crowbar

Take you to the graveyard

Bitch, you think you're so hard

I say when it's over

Love you psycho, I'm loaded like a rifle

Casanova, look over your shoulder
Get my fucking crowbar
Take you to the graveyard

La-la, la-la-la-la-la
La-la, la-la-la-la-la
La-la, la-la-la, la-la-la
La-la-la-la-la (Take you to the graveyard)
La-la, la-la-la-la-la
La-la, la-la-la-la-la (Take you to the graveyard)
La-la, la-la-la, la-la-la
La-la-la-la-la (Take you to the graveyard)
