

# Monsters

Nova Twins

I'm not afraid of monsters  
But I'm afraid of myself

You promised me heaven  
But this feels like hell  
I can't get sleep, so I just tell myself  
Can't get to heaven  
So I'll stay in hell  
I can't find peace, sometimes I hate this realm

I'd like to think that I  
Could be somebody else  
If I were a star, I'd shoot away so far  
Sometimes I find it hard to recognise myself  
Like I'm an alien, spaceship, crash, burn it

I'm not afraid of monsters  
But I'm afraid of myself  
Stuck in an illusion  
Crying for help  
I'm not afraid of monsters  
But I'm afraid of myself  
Looking in the mirror  
I tell myself  
Monsters, I'm not afraid

I'm not afraid of monsters  
Monsters inside of me  
I'm not afraid

Promise me heaven  
But this feels like hell  
I'm in the deep, another rainy spell  
I can't get to heaven  
So I stay in hell  
Round and round on this carousel

I'd like to think that I  
Could be somebody else  
If I were a star, I'd shoot away so far  
Out of my head  
I need time to digest  
I need to tell myself  
To breathe

I'm not afraid of monsters  
But I'm afraid of myself  
Stuck in an illusion  
Crying for help  
I'm not afraid of monsters  
But I'm afraid of myself  
Looking in the mirror  
I tell myself  
Monsters, I'm not afraid

(Of monsters  
Monsters inside of me

I'm not afraid  
Monsters  
I'm not afraid of monsters  
Monsters inside of me  
I'm not afraid  
Breathe)

I'm not afraid of monsters  
But I'm afraid of myself  
Stuck in an illusion  
Crying for help  
I'm not afraid of monsters  
But I'm afraid of myself  
Looking in the mirror  
I tell myself  
Monsters, I'm not afraid
