

Mood Swings

Nova Twins

I'm shook on you, babe
I'm just an animal toying with the day, with the day
In my aloof phase
You only think of me in the worst way

When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
'Cause I'm just lashing out, yeah, I'm just lashing out

So shook on you, babe
My fist swings like a pendulum on string
You know love is a fool's game
The room spins like a bottle of gin

When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
'Cause I'm just lashing out, yeah, I'm just lashing out

You want it, you've got it
You want it, you've got it
You want it, you've got it
'Cause I'm a bit psychotic
You want it, you've got it
You want it, you've got it
You want it, you've got it
'Cause I'm just lashing out

So shook on you, babe
I'm just an animal toying with the day, with the day
In my aloof phase
You only think of me in the worst way

When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
'Cause I'm just lashing out, yeah, I'm just lashing out

You want it, you've got it
You want it, you've got it
You want it, you've got it
'Cause I'm a bit psychotic
You want it, you've got it
You want it, you've got it
You want it, you've got it
'Cause I'm just lashing out

I'm just lashing out

You want it, you've got it
You want it, you've got it
You want it, you've got it
You want it, you've got it

When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down

When my mood swings round, I'm not taking it down
'Cause I'm just lashing out, yeah, I'm just lashing out
When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
When my mood swings round, I'm not taking it down
'Cause I'm just lashing out, yeah, I'm just lashing out
