

# Vampire

November 2nd

Several evenings in the year  
I want to suck the blood from you  
Warm energy from your soft veins  
I will hold you till you turn blue

More and more until you're empty  
More and more until I'm full  
After all you're at my mercy  
And I know you crave for more

I'm vampire, I'm your sweet pain  
I'll crawl into your soul  
And never want to walk away  
From your heart  
I'm a vampire, I'm your sweet pain  
I'll crawl under your skin  
Once you let me in  
You won't get me out  
I'll feed your fear

You stand on the other side of the river  
Still I am the one who rules  
I never thought it would be his way  
I hope you're at least amused

I'm vampire, I'm your sweet pain  
I'll crawl into your soul  
And never want to walk away  
From your heart  
I'm a vampire, I'm your sweet pain  
I'll crawl under your skin  
Once you let me in  
You won't get me out  
I'll feed your fear
