

For the record, I blame myself
It went on and on, I let me lose
All the best, I made it through
It went on and on and on without you
On and on and on and on

Could you let me down?
I don't feel it now
I'm letting my head collapse on itself

Could you need me now?
I can't see how
I think I'm forgetting how to breathe out

For the record, I've made my hell
It goes on and on, I let it bloom
For the best, I'll stay in my room
'Cause I'll be better in the morning
And it goes on and on and on and on

Could you let me down?
I don't feel it now
I'm letting my head collapse on itself

Could you need me now?
I can't see how
I think I'm forgetting how to breathe out

Don't let it get you down
Don't let it get you down
Down, down, down
Let it get you down

Don't let it get you down
Down, down, down
Down, down, down
Down, down, down
Down, down, down
Down, down, down, down
