

I Feel Better

Novo Amor

Forgive my bad luck, forgive my mind
Since I've given up all of my life
'Cause all my love was wasted on a couple bad nights
And I've said I'll be alright for the last damn time

Don't make a mess of my love, yeah
Don't make a mess of my love
I feel better most of the time
But I'll be in your archive as a wave goodnight
Don't make a mess of my love
Don't make a mess of my love

I know I read the room wrong, alright?
But won't you let me open up sometime?

Don't make a mess of my love, yeah
Don't make a mess of my love
I feel better most of the time
Just tell me that it's alright and I'll be fine

I feel better most of the time
Just tell me that it's alright and I'll be fine
But don't make a mess of my love
Don't make a mess of my love
