

# No Fun

Novo Amor

I don't know what happened  
To the Old Town  
Like the shadow of my mother  
In the background  
It's not enough to know  
It's not enough anymore

Every step that I took  
Was a bad one  
With the shadow of my father  
Having no fun  
It's not enough to know  
It's not enough anymore  
It's not enough to know  
What that caused

I don't know how I'll change  
What I can't say  
With the shadow of my brother  
I was a mistake  
It's not enough to know  
It's not enough anymore  
It's not enough to know  
What that caused  
What that caused
