Bad Things

Now United

Seems too good to be this real
I'm questioning the things I feel
Have a hearts on the trust

Can I dive into your cold blue eyes
And a take swim right though your mind?
Wanna open you up

'Cause you're too perfect
And I don't need perfect
'Cause I'm not perfect, no
And nothing you can say is gonna push me away, so

Show me all the scary parts
I'll follow you into the dark
I wanna know all the bad things
Bad things about you
I don't want a pretty lie
So hit me with the ugly truth
Let me love all the bad things
Bad things

(Oh-oh-oh-oh)
(Oh-oh-oh-oh)
Let me love all the bad things
Bad things

I'm alright if you don't act tough
I won't reach if you say too much
Put it all on the table

'Cause you're too perfect
And I don't need perfect
'Cause I'm not perfect, no
And nothing you can say is gonna push me away, so

Show me all the scary parts
I'll follow you into the dark
I wanna know all the bad things
Bad things about you
I don't want a pretty lie
So hit me with the ugly truth
Let me love all the bad things
Bad things

(Oh-oh-oh-oh)
(Oh-oh-oh-oh)

'Cause you're too perfect
I don't need perfect
'Cause I'm not perfect, no
And nothing you can say is gonna push me away, so

Show me all the scary parts (Show me all the scary parts)
I'll follow you into the dark
I wanna know all the bad things (I wanna know all the bad things)
Bad things about you

I don't want a pretty lie (I don't want a pretty lie)

Let me love all the bad things
Bad things (Let me love)

(Oh-oh-oh-oh) Let me love
(Oh-oh-oh-oh) All the bad things, bad things
Bad things, bad things about you
