

Better

Now United

Tell me, love, what is on your mind?
Tell me why, why
'Cause I've seen you before
(All your flaws got me lost in your eyes like)
Yeah, I've seen you before
(You the fire to my ice, got me hyped like)
Tell me, love, what he did this time
Tell me why, why
'Cause he's hurt you before
(Set my pick, never quit, you so right like)
Yeah, he's hurt you before
(When I'm wrong, still belong by my side like)

Tonight
I will be by your side
Dry those tears from your eyes
Make you feel right
Tonight
I'll be one with your soul
Let our love lose control
Not letting you go

Don't cry, baby
We gon' make this work forever
It only gets better
It only gets better
Don't cry, baby
We gon' get through this together
It only gets better
It only gets better
Don't cry, baby

La-la-la-la-la-la-la
It only gets better
It only gets better
Don't cry, baby (eh)
We gon' get through this together
It only gets better
It only gets better
Don't cry, baby

Let me know what is on your mind
Be the one to
Break down all of your walls
(Let me in, let me win all your love like)
Yeah, break down all your walls, yeah
(Give me life, breathin' in all your love like)
Yeah, I just wanna make you smile
I'm right here
And I won't let you fall
(Owe it all, owe it all to my love like)
Yeah, I won't let you fall
(Lift you up, drop it down, hold you down like)

Tonight
I will be by your side
Dry those tears from your eyes

Make you feel right (yeah, yeah, yeah)
Tonight
I'll be one with your soul
Let our love lose control
Not letting you go

Don't cry, baby
We gon' make this work forever
It only gets better
It only gets better
Don't cry, baby
We gon' get through this together
It only gets better
It only gets better
Don't cry, baby

Boom-bah, boom-bah, yeah
Boom-bah, boom-bah, yeah
Boom-bah, boom-bah, yeah
Ah, yeah (it gets better)
Boom-bah, boom-bah, yeah
Boom-bah, boom-bah, yeah

(Oh-oh-oh)

Don't cry, baby
We gon' make this work forever
It only gets better
It only gets better
Don't cry, baby
We gon' get through this together
It only gets better
It only gets better

Boom-bah, boom-bah, yeah
