

Chained Up

Now United

Met a girl, said she from L.A
Somewhere deep in the valley L.A
No cool, she a wild thing
Cool, she a wild thing
Cool, she a wild thing, yeah

One look at me, hey baby
She said, boy come home with me
No cool, she a wild thing
Cool, she a wild thing
Cool, she a wild thing, yeah

She wanna, oh nana, I'm gonna, oh lala
She magical, she rock my world, just like I want a lotta
She don't want no drama, she don't want no dollar
She magical, she rock my world, just like I want a lotta

Met a girl, said she from L.A
Somewhere deep in the valley L.A
No cool, she a wild thing
Cool, she a wild thing
Cool, she a wild thing, yeah

Drippin' in ice
So paralyzed

Got Stockholm syndromes, don't wanna leave
Girl, you do it differently
Yeah, I'm lovin' how you got me chained up
I tried to play it too finely
But I'm doing terribly
Yeah, I'm lovin' how you got me chained up
Losing myself in the void
I'm giving in, no control
The storm in the morning
Lovin' how you got me chained up

No heads up, not a warning
Why my back like a drawing?
But I don't feel disappointed
All these endorphins, feeling them swarming
I'm trippin' on the chain like dirty laundry
By this time I had this feeling kinda slushy
She said this time you go and bring out the finale
This one is savvy, I want the badness

Drippin' in ice
So paralyzed

Got Stockholm syndromes, don't wanna leave
Girl, you do it differently (She do it differently, she do it differently)
Yeah, I'm lovin' how you got me chained up
I tried to play it too finely
But I'm doing terribly (I'm doing terribly)
Yeah, I'm lovin' how you got me chained up
Losing myself in the void
I'm giving in, no control

The storm in the morning
Lovin' how you got me chained up

So chained up (You got me, got me)
So chained up
You got me where you want me, baby
Ooh oh, oh yeah

Got Stockholm syndromes, don't wanna leave
Girl, you do it differently (Differently, baby)
Yeah, I'm lovin' how you got me chained up
I tried to play it too finely
But I'm doing terribly
Yeah, I'm lovin' how you got me chained up
Losing myself in the void
I'm giving in, no control
The storm in the morning
Yeah, I'm lovin' how you got me chained up
