

Clockwork

Now United

Tick-tick-tick-tock, tick-tick-tick-tock, tick-tick
Like clockwork, body go
Tick-tick-tick-tock, tick-tick-tock, tick-tick
Like clockwork

Mocha, don't it taste like mocha?
How you drive me crazy, but you ain't my chauffeur
Stretch it out like yoga
I need you to pull me closer

Don't play hide-and-seek
Don't keep that thing from me
I'll remind you just how good it feels

Don't try to deny this, you can try this
All that is so wavy
Vision from the islands, looking for love
Tell me, why you wanna hide it?
VVS is you're my wifey
Wanna roll, like Chingy, I'm one call away
In a rolls, not a shooting star away
Fall asleep and they pull up, now you gotta hide this
I just can't fight it, you love it when my body go

Tick-tick-tick-tock, tick-tick-tick-tock, tick-tick
Like clockwork, body go
Tick-tick-tick-tock, tick-tick-tick-tock, tick-tick
Like clockwork
Want me up, you want me up
You fall in love if I back it up like
Tick-tick-tick-tock, tick-tick-tick-tock, tick-tick
Like clockwork
