

Fiesta

Now United

When the sun goes down
I want you around
You're the perfect company
'Cause I've been
Going hard no sleep
Seven days a week
You're the breather that I need

Come on, let's celebrate
And party the night away

Turn it up, fiesta
La vida muy fresca
Let's have a break for just one night
DJ play it twice
Turn it up, fiesta
La vida muy fresca
Let's have a break for just one night
Having the time of our life, yeah

Lala, lala, lalala
Lala, lala, lala, lala
Lala, lala, lalala
Lala, lala, lala, lala

The way I feel right now
Head up in the clouds
But I am dreaming on my own
Should be chilling all the time
Yeah-yeah-yeah-yeah
With no worries on my mind
Yeah-yeah-yeah-yeah

Come on, let's celebrate
And party the night away (-way)

Turn it up, fiesta
La vida muy fresca
Let's have a break for just one night
DJ play it twice
Turn it up, fiesta (Fiesta)
La vida muy fresca
Let's have a break for just one night
Having the time of our life, yeah

Lala, lala, lalala
Lala, lala, lala, lala
Lala, lala, lalala
Lala, lala, lala, lala

Make this time like no other
And dance right here 'til mañana
Lay back down I know you wanna
Just have the time of your life
DJ keeps us together
Leave us don't get any better
Right now, we can do whatever

And just have the time of our life, yeah

Turn it up, fiesta (Turn it up, fiesta)
La vida muy fresca (La vida muy fresca)
