Now United

She get me all the way
And make me take the stairs
But I'ma make it up
She isn't there, I do a lo-o-ot for your love
Do a lo-o-ot for your love
She let me turn it on
But I gotta find the switch
It doesn't take me long
Like there it is, I do a lo-o-ot for your love
I do a lo-o-ot for your love

Oh, I
I do anything that you like
I mean anything that you like
Take the stars out of the sky
But please

Don't make me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love

I pay attention good
So good I'm going broke
I treat her like I should
Yes, she should know I do a lo-o-ot for your love
I do a lo-o-ot for your love

Oh, I
I do anything that you like
I mean anything that you like
Take the stars out of the sky
But please

Don't make me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love (Hoops for your love)
Made me jump through hoops for your love
