

# Stand Together

Now United

Step aside if you're not my friend  
Step aside if your wars don't end  
Step aside if you just can't see (Yeah)  
What is anybody fighting for?  
Every life is worth a whole lot more  
Change is making it's way slowly

I, am the only prayer you need  
I, wanna set you free

We're gonna stand, together (Together)  
We're gonna stand, together (Together)  
We're gonna stand, together  
You and me

Look again if you don't trust fate  
Look again if the views not great  
Look again cuz eventually (Yeah)  
We'll be fighting for the same side  
Where love is true and won't be denied  
No illusion, no mystery

I (I, I, I) am the only prayer you need  
I'm (I, I, I) just a four letter word

We're gonna stand, together (Together)  
We're gonna stand, together (Together)  
We're gonna stand, together  
You and me

Naamini katika leo  
I believe (Ah leo, ah leo)  
Naamini katika leo  
I believe, ah yeah  
Naamini katika leo  
I believe (Ah leo, ah leo)  
Naamini katika leo  
I believe

We're gonna stand, together (Gonna stand, gonna stand)  
We're gonna stand, together (Gonna stand, gonna stand)  
We're gonna stand, together (Together, ah)  
You and me (Me)  
(Together)  
We're gonna stand together (You and me, yeah, uh-oh)  
We're gonna stand together (Together, together)  
You and me
