

The Weekend's Here

Now United

Weekend's here
Weekend's here

Sun's shining, gotta wear my shades
Badaboom, sipping lemonade
Tell the DJ let it play
We feeling the vibe, feeling the vibe
All my friends looking beautiful
Summertime got a brand new glow
Do it big, yeah, that's how we roll
Just let it ride, just let it ride

And nothing feels better when we get together
Been going so hard, now it's time to play

'Cause the weekend's here
And we chillin' like we wanna
I've been working every day of the week
Time to let go, time to do me
'Cause the weekend's here
And we chillin' like we wanna
We can party 'til the morning, no sleep
And you know we don't stop 'cause the weekend's here

□, □□□□ □ □□□ □□ □□
Life's so good, □□ □□□ □□□
□□□ □ □□□
I'm talkin' no filter, no flash

And nothing feels better when we get together
Been going so hard, now it's time to play

'Cause the weekend's here
And we chillin' like we wanna
I've been working every day of the week
Time to let go, time to do me
'Cause the weekend's here
And we chillin' like we wanna
We can party 'til the morning, no sleep
And you know we don't stop 'cause the weekend's here

Somebody say hey (Hey)
Somebody say ho (Ho)
Somebody say hey (Hey)
Everybody throw your hands up
Somebody say hey (Hey)
Somebody say ho (Ho)
Somebody say hey (Hey)
Everybody throw your hands up

'Cause the weekend's here
And we chillin' like we wanna
I've been working every day of the week
Time to let go, time to do me
'Cause the weekend's here
And we chillin' like we wanna
We can party 'til the morning, no sleep

And you know we don't stop, don't stop
'Cause the weekend's here (The weekend's here)
And we chillin' like we wanna (Chillin' like we wanna)
I've been working every day of the week
Time to let go, time to do me
'Cause the weekend's here
And we chillin' like we wanna (We wanna)
We can party 'til the morning, no sleep
And you know we don't stop 'cause the weekend's here
