

Throwback

Now United

I thought you and your friends we could kick it
We can go back to my place right outside city
I got a lot of space this ain't no Honda Civic
Or I can holla at you later if you busy
Just name the time and place and baby I'll be ready
Roll down the windows while we're listening to Biggie
You hypnotizing make them other girls so petty
You look so good you should be hanging at the Getty

Yeah you like me, I like you, what to do
Juicy bag at the mall
Baby girl flex away
You just go flex away

She just like a throwback
She make me go back
She got a 90's kinda vibe and I adore that
I kinda see yah, like Aliyah, spin around to Maria Maria
She just like a throwback
And yeah she know that
She got a lot of eyes on her I can't control that
They wanna be ya, when they see ya
But you and me yeah, we 93 yeah
I just wanna ah

I can't take my eyes off you
The way you make it look so cute
Everybody see ya looking like a fashion shoot
With a sporty attitude
Yeah yeah yeah

Yeah you like me I like you, what to do
Juicy bag at the mall
Baby girl flex away
You just go flex away

She just like a throwback
She make me go back
She got a 90's kinda vibe and I adore that
I kinda see yah like Aliyah, spin around to Maria Maria
She just like a throwback
And yeah she know that
She got a lot of eyes on her I can't control that
They wanna be ya, when they see ya
But you and me yeah, we 93 yeah
I just wanna ah

Pull up in a coupe, putting down the roof
Vintage 94, yeah and all we do is cruise
We can take it fast, maybe just relax
Pick a DVD got a player in the back

Hang out with the boys I don't got a choice
Thinking bout that night when we took that Polaroid
Middle of the street in the passenger seat
Girl when you're with me it's like 1993
