

Choke Slam

nothing,nowhere.

Please don't call unless you have to
Say I'll be fine but no one asked you
I give a fuck about your point of view
Blinds closed, decompose, I'm a statue

Discontent with chasing shadows
So hang my future from the gallows
You always think you know what's best for me
But if I disappeared tomorrow, would I still feel fucking helpless?
If I disappeared tomorrow, would you even fucking notice?

Please don't call unless you have to
Say I'll be fine but no one asked you
I give a fuck about your point of view
Blinds closed, decompose, I'm a statue
