

Sometimes I feel alone, yeah, yeah, yeah, yeah, yeah, yeah
They would have never known, yeah, yeah, yeah, yeah, yeah, yeah
Nobody call my phone, yeah, yeah, yeah, yeah, yeah, yeah
I'm always on the road, yeah, yeah, yeah, yeah, yeah, yeah
Sometimes I feel alone

Meditate, get my mind right
Only speak when the time right, uh
It keeps you up every damn night, yeah
You sold your soul for the limelight
Oh, oh
And it's right there
Every time I think I'm fine, it come right back
Talking 'bout that I'll be fine, what do you know?

Sometimes I feel alone, yeah, yeah, yeah, yeah, yeah, yeah
They would have never known, yeah, yeah, yeah, yeah, yeah, yeah
Nobody call my phone, yeah, yeah, yeah, yeah, yeah, yeah
I'm always on the road, yeah, yeah, yeah, yeah, yeah, yeah
Sometimes I feel alone

Lately something doesn't feel right
I can't even tell if it's nightmares or real life
Working every day and I don't even realize
I can isolate, forget what being human feels like
That's what happens when you're tryna make your way up
Try to place the pain away when I wake up
Then I hit up Jay, come in with the lay-up

Sometimes I feel alone, yeah, yeah, yeah, yeah, yeah, yeah
They would have never known, yeah, yeah, yeah, yeah, yeah, yeah
Nobody call my phone, yeah, yeah, yeah, yeah, yeah, yeah
I'm always on the road, yeah, yeah, yeah, yeah, yeah, yeah
Sometimes I feel alone

I've been falling
Memories calling
Now it's all black and white

Sometimes I feel alone, yeah, yeah, yeah, yeah, yeah, yeah
It's all black and white
They would have never known, yeah, yeah, yeah, yeah, yeah, yeah
Now it's all black and white
I've been falling, memories calling
Nobody call my phone, yeah, yeah, yeah, yeah, yeah, yeah
Now it's all black and white
I'm always on the road, yeah, yeah, yeah, yeah, yeah, yeah
Sometimes I feel alone
