

Forever

nothing,nowhere.

In the morning when I wake up
You always catch my eye
In the morning light
In the morning when I wake up
I swallow all my pride
I'm gonna make things right

Keep me close to the sound of whenever
I'll be here for you
Till forever, forever
Keep me close to the sound of whenever
I'll be here for you
Till forever, forever

I never told you what I felt and it's all my fault
Was feeling sorry for myself and I missed your call
If I could do it all again then you know I would
'Cause I'd die for you, I'd die for you
I remember providence and the in between
And every night falling out, you were there for me
So believe me when I say
I need you here

Keep me close to the sound of whenever
I'll be here for you
Till forever, forever
Keep me close to the sound of whenever
I'll be here for you
Till forever, forever

I just can't get enough
You got me high just like a drug
I've fallen for your love
I'd die for your touch

Keep me close to the sound of whenever
I'll be here for you
Till forever, forever
Keep me close to the sound of whenever
I'll be here for you
Till forever, forever
