

Letdown

nothing,nowhere.

Broke your heart on your birthday
I would call but I don't know what I could say
Only skin, only bone, and I'm flawed
Crying in your parents' garage
So I'll sew my eyelids shut
So I don't have to be reminded of us
'Cause everywhere that I go is a photo
Every night I'm in bed with the vertigo

It goes
Da da da dadada da, da da da dadada
Da da da dadada da, da da da dadada
Every night I'm going
Da da da dadada da, da da da dadada
Da da da dadada da, da da da dadada

Anxiety inside extremities
I'm losing touch, I got a tendency
To ruin all the things that I love
I could make amends
But you know I had enough, oh man
Not right now
You would think that I would feel alive by now
Twenty something years and I'm still so down
Contemplate on moving like my legs tied down, oh no
Try to coincide, lack on my back and the void is inside
I can see my faults in the ceiling every night
I can see my faults in the ceiling every night

So I'll drive all night through my home town
You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown
So I'll drive all night through my home town
You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown

Da da da dadada da, da da da dadada
Da da da dadada da, da da da dadada
Every night I'm going
Da da da dadada da, da da da dadada
Da da da dadada da, da da da dadada

So I'll drive all night through my home town
You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown
So I'll drive all night through my home town
You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown
So I'll drive all night through my home town
You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown
So I'll drive all night through my home town

You can drive your knife through my chest now
I'ma crash my car by your old house
'Cause all I'll ever be is a letdown
