

lights (4444)

nothing,nowhere.

Paint my world a new grey
Pain comes in different shades
Slowly rot and decay
Yeah

Lights on me like I'm shooting a movie scene
And I be going hard but you still got a hold on me
And nights like these take it back, it was you and me
But I can't understand

Everything you ever told me
Lie to my face on the daily
I'ma go my own way
And I don't give a fuck if you hate me
Everything you told me
Lie to my face on the daily
I'ma go my own way
And I don't give a fuck if you hate me

Yeah, time to coordinate every chase that I had with you (Yeah)
Every day, I spent all my time that I had on you (Yeah)
Had to drag you on the ground just so you could see my everyday
view (Yeah)
Life getting hard, I'm just trynna make it all the way through

Lights on me like I'm shooting a movie scene
And I be going hard but you still got a hold on me
And nights like these take it back, it was you and me
But I can't understand

Everything you ever told me
Lie to my face on the daily
I'ma go my own way
And I don't give a fuck if you hate me
Everything you told me
Lie to my face on the daily
I'ma go my own way
And I don't give a fuck if you hate me
