

# New England

nothing.nowhere.

Well I know  
That back roads  
And dirty clothes  
Just ain't for everyone  
So you take the city lights  
And skyline  
Give me a setting sun

'Cause I've been down and out  
And I thought I had it figured out  
But when I see the trees  
It reminds me  
I'm not the only one

'Cause it's not the same  
Without you  
So I'll wait  
For you

I miss your touch  
All those nights in New England  
Did you forget about us  
I miss your touch  
I guess I was just thinking  
I would have been enough  
(For you)

Now you left  
So I'll wait  
Between a rock and a hard place  
When I close my eyes  
I see the light shining on your face

'Cause I've been down and out  
And I thought I had it figured out  
But when I see the trees  
It reminds me  
I'm not the only one

'Cause it's not the same  
Without you  
So I'll wait  
For you

I miss your touch  
All those nights in New England  
Did you forget about us  
I miss your touch  
I guess I was just thinking  
I would have been enough  
(For you)
