

# It's A Wild Weekend

NRBQ

Hey boys its a wild weekend  
We did it then and we'll do it again  
We're having fun and it just got started  
We're on the run and we're crashing parties  
Get ready 'cause its a wild weekend

Johny pulls up and we all got in  
Rock'n roll is what we did, my friend  
Im feelin' good, yeah, i feel so crazy  
The girl's a drag, but it dont even phase me  
Get ready, its a wild weekend

Tired waiting for the (?) for the weekend  
It's getting harder as the days go by  
Cause every boy needs a girl at night  
It makes him feel alright

There's a place just around the bend

The same place where it all began  
Its the best, man, you just can't beat it  
And later on when the place gets heated  
Get ready, cause its a wild weekend

Tired waiting 'til its time for the weekend  
It's getting harder as the days go by  
Cause every boy needs a girl at night  
It makes him feel alright  
Hey boys its a wild weekend  
We did it then and we'll do it again  
We're having fun and it just got started  
We're on the run and we're crashing parties  
Get ready 'cause it's a wild weekend  
Get ready, it's a wild weekend

Get ready  
Get ready
