Everything in the world, break down
In the end, I make up my mind
I'll be a man and I won't say unnecessary things
I know who I am

I used to be weak and foolish
But it's time now
It's no big deal

Save the souls from lies and hypocrisy
Trivial pride becomes like foam
I'll cut out my heart so I won't hurt anymore
I'll live again

Say my name say my name
If you're ready
Say my name say my name
I'll be a bit stronger
I'm not the person you used to know
I'll survive till the end

Look at the world with cold eyes
The days and nights of the world pass by without rest
People get used, thrown away and left alone
If you don't wanna get weeded out
You need to make relationships
Tell me your desires loudly
Empty out the echoes in the silences
The things you think are valuable are unimportant
Erasing myself signifies a new life

Thoughtless actions leave behind dilemma
Obsession over the past leaves behind unhappiness
I'll cut out my heart so I won't hurt anymore
I'll live again

Say my name say my name
If you're ready
Say my name say my name
I'll be a bit stronger
I'm not the person you used to know
I'll survive till the end

Set it up set it up
Set it up right now
I'm ready now
Fear becomes poison
Give it up give it up
Give it up right now
I've been destroyed (oh yeah)
It's a new beginning

Save my life save my life
If you're ready
Save my life save my life
I will start the world
I'm not the person you used to know
Trust me, hold my hand
