Kiss me, kiss me
Before this winter passes
Love me, love me, as much as I love you
Hey you, can you hear me? what I'm saying?
I don't want anything else
When I see you

The bells ring in my heart
I think you will tell me today as well
Like in my dream last night

It's cold but I wear pretty clothes
It's snowing but I wear high heels
I want to walk all night with you tonight

Dashing through the snow
I search for you
This feeling of running to you
The cold wind feels so refreshing
You you are a bigger present than anything in this world

Today, it feels like everything will go well
I muster up courage and the white snow falls as if to show

Kiss me, kiss me
Before this winter passes
Love me, love me, as much as I love you
Hey you, can you hear me? what I'm saying?
I don't want anything else
When I see you
The bells ring in my heart
I think you will tell me today as well
Like in my dream last night

Today, it feels like my wishes will come true
I will get a little more excited
Just like this

Kiss me, kiss me
Before this winter passes
Love me, love me, as much as I love you
Hey you, can you hear me? what I'm saying?
I don't want anything else
When I see you
The bells ring in my heart
I think you will tell me today as well
Like in my dream last night

This merry night (the moment I've been waiting for)
When it becomes silent (for all this time)
The things I've hidden, I want to tell you it all

Kiss me, kiss me
A present that's better than you?
I don't know what that is
Will the day I've been waiting for be today?
Like in my dream last night?
