From the moon, to the stars
While lingering in the universe
We got to know each other
We slide on the paint
That spread while
Drawing, drawing

The air of dawn that I'm alone feels weird
I can't fall asleep
My heart towards to you grew big at some point
I can't hide it anymore

The moonlight that fully
Shines the empty room (moonlight)
It's disappearing like a dream (out of my life)
I draw one more time on a white canvas
I trust that I'm not alone

From the moon, to the stars
While lingering in the universe
We got to know each other
We slide on the paint
That spread while
Drawing, drawing

On a dark night
I look at the moon that's like your eyes
How was your day,
I worry, you don't look good yeah
Don't try to hard that's right
You can act like a child I'll hold you
On the last line of your diary
I'll always be there

Between the curtain that shakes
Because of the wind, yellow light finds us
Think of us smiling
Facing the days that will shine
The night sky where the stars are asleep
Moonlight (moonlight)
It's disappearing like the wind
But I draw it again on white canvas
It has to be you

From the moon, to the stars
While lingering in the universe
We got to know each other
We slide on the paint
That spread while
Drawing, drawing

Tonight with you
I want to fly in my dreams
Tonight come to me
Before the morning comes

From the moon, to the stars

While lingering in the universe
We got to know each other
We slide on the paint
That spread
While drawing, drawing
