I wouldn't even talk to you if I didn't like you
Tell me when you leave
How many missed call are there?
Don't make me a petty person

When you understand, you look pretty
When you misunderstand, I see the end
Every day I'm riding a roller coaster alone

Walking to the other side sometimes
Although there's a link still but
We are getting tired of each other
Even though we'll regret, we know

It's obvious we'll cry out loud
It's obvious we push and pull each other
Our relationship is going to fix anything
When something's broken down
Our relationship is going to link each other
Even if we run to opposite directions

I wouldn't even talk to you if I didn't like you
You are the one who trusts me
I only have you
I wouldn't even talk to you if I didn't like you
You are the one who lights me
I only have you

Same words, same voices
Same days, same things
It might be boring but if there's no more, I feel vacant
Even though it takes time, I get to finish this puzzle anyway
We are feeling the same
It's like solving a problem that you have already done before
We know each other very well
If something goes wrong, we can fix it

Walking to the other side sometimes
Although there's a link still but
We are getting tired of each other
Even though we'll regret, we know

It's obvious we'll cry out loud
It's obvious we push and pull each other
Our relationship is going to fix anything
When something's broken down
Our relationship is going to link each other
Even if we run to opposite directions

We are same and everything's same
A clock ticks by
And every solution is you
No matter what happens, I'm with you

I wouldn't even talk to you if I didn't like you
I wouldn't even talk to you if I didn't like you

It's obvious, crying out loud like this
It's going to worn out at last
We hurt and hate each other but we don't let go
Our relationship is going to link each other
Even if we run to opposite directions

You are the one who trust me
I only have you
You are the one who light me
I only have you

Our relationship is going to fix anything
When something's broken down
Even though you are mean today
You and I are meant to be together
