You don't have to listen to a single thing
I will give you only good things
How I've been doing this days
It's not important
By your side

I was conforted
And I was happy
I am not alone
You really don't have to worry about me

I know exactly how you feel
I will try to understand how you feel
I can say all that I want
But how could I ever fully understand
It's okay if you don't understand how I feel though
Because I was by your side
I've been happy till now

With how much of a child I always was
Did I ever make you cry with my childish ways
Compared to you, who has always loved me
I still have so much to learn
Because I was always by your side

I was conforsted
And I was happy
I am not alone
You really don't have to worry about me

I know exactly how you feel
I will try to understand how you feel
I can say all that I want
But how could I ever fully understand
It's okay if you don't understand how I feel though
Because I was by your side
I've been happy till now

Because I was by your side
Because I was by your side
For me, they were never taken for granted
For me, they were so much like miracles
Those many days we spent together

Because I've been so happy till now
I am able to embrace the sadness
You taught me what happiness is
Seeing you, I will always be able to smile
Because I was by your side
I've been happy till now
